DETAILED ACTION

Claim Objections

Claim 4 is objected to because of the following informalities: Claim 4 was objected on the last office action, which was filed on 11/03/03. Claim 4 does not include all the claimed limitations of claim 2, which is filed on 02/06/04. Claim 4 cannot be allowable because it does not include the claimed limitation of claim 2 such as "said high heat conductor film formed in a predetermined area including an area above said resistor film" in lines 9-10 of claim 2.

Appropriate correction is required.

Allowable Subject Matter

1. Claims 2-3, 5 and 6 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or fairly suggest, either singularly or in combination, the limitation "a high heat conductor film consisting of a highly heat conducting material formed on the second insulating film the high heat conductor film formed in a predetermined area including an area above the resistor film between the pair of terminal wirings and the high heat conductor film is spaced apart from at least one of the pair of terminal wirings".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
